

Teachers of Cookery now use and recommend

Cleveland's Baking Powder

Years ago they used and some even recommended other brands. The change to Cleveland's was made after practical tests in the kitchen. It's an age of improvement. Why not buy the Best?

MOUNT VERNON.

The Democratic Common Council (seven Democrats and three Republicans) of Mount Vernon, passed a resolution on Thursday night which has aroused much adverse criticism, because it is suspected that it is a part of a reported programme to make a complete overturn of police and other city officials and employees and appoint only working Democrats in their places. The resolution recalls all ordinances relative to special meetings of the board and provides that special meetings "may be called by the Mayor or any three Aldermen, by appointment, in writing, to be held with the City Clerk, and by serving personally, upon each member of said Common Council who has not signed such appointment, a copy thereof at least two hours before such special meeting, or by leaving such copy at his place of residence at least two hours before such special meeting." In other words, a special meeting may be called upon two hours' notice. Inasmuch as many of the members of the board are New-York business men, a special meeting could be called without any prospect of the Mayor, who is a Republican, or any of the Republican members, being present. Three members calling the meeting could so arrange it as to see off the notices after their business opponents had left the city for their business. They would have two hours' notice all their return in the evening, by which time the business of the meeting could be done. Edward J. Fliske, the Democratic nominee for Mayor, was elected president of the board.

Wilson Lewis, the Republican nominee for Mayor upon the ground that he had been declared by the board to be qualified as elected, and had filed his oath of office. The communication was rejected by a party vote—3 to 3.

WHITE PLAINS.

Charles Walker, the proprietor of the Second Ward Hotel, White Plains, became delirious yesterday morning from the effects of morphine, and was found wandering along Railroad-ave. He was taken to his home and was placed under surveillance.

AFFAIRS IN BROOKLYN.

HE SKULL MAY BE FRACTURED. A TENANT OBJECTS TO THE LIGHT BEING OUT IN THE HALLWAY AND BRUTALLY KICKS THE JANITOR—A DESPERATE FIGHT WITH HER HUSBAND.

George Dennis, who lives in the apartment-house at No. 74 Belford-ave., returned to his home late on Wednesday night, somewhat under the influence of liquor, and began to find fault because the hall lamp was not lighted. Mrs. Hartnett Sullivan, the janitor of the house, heard Dennis swearing about the light, and told him that it was after hours for a light to be burning. Dennis thought otherwise, and started to light the lamp. Mrs. Sullivan then reached up and took the lamp from the rack. This set Dennis to shouting and cursing, and before she could regain her feet Dennis kicked her about the face and body. Mrs. Sullivan's husband, who had been attracted by the noise, ran to the door and asked Dennis what he was about to kick her again. Mrs. Sullivan was unconscious. The men fought desperately for a time, when Dennis got hold of a chair. A policeman, Polk, who was on duty, arrived about this time and arrested Dennis. Mrs. Sullivan was taken to St. Catherine's Hospital, where her condition is said to be serious. It is feared that her skull is fractured. Dennis was held yesterday by Justice Goetting to await the result of the woman's injuries.

KEEPING DOWN THE BUDGETS.

Mayor Schieren called the attention of his fellow-members of the Board of Estimate yesterday to the charter provision that the amount of money to be raised in the tax budget, outside of that provided for principal and interest of the city and county debt, must not exceed 2 per cent of the assessed value of real estate for the preceding year. He said that this provision had been violated last year. He did not wish that to be repeated this year. Conradt curiously agreed heartily with this.

A small police presence, however, was spoken of by Mayor H. C. Fliske, the Seventh Precinct, an appeal for the raising of salaries of patrolmen to the limit allowed by law, which is \$1,200 a year. There are 1,300 of these patrolmen, and it is asked to have \$100 added to their pay. Mayor Schieren said that the board would be glad to pay the police well, but the amount of the tax levy could not exceed a certain amount.

The board then went through the estimates for the second time and cut them down considerably. It is expected that \$300,000 will have to be cut off the county budget and \$600,000 from the city budget.

LITCHFIELD ESTATE TAXES MUST BE PAID.

A decision has been handed down by Judge LaCombe, in the United States Circuit Court, in the litigation over the estate of Edward H. Litchfield to prevent the sale of the property by the city for arrears of taxes. There is about \$900,000 due in arrears and interest upon lots in South Brooklyn. When the Register of Arrears advertised the property for sale for arrears, an effort was made to secure an injunction. This is denied by Judge LaCombe, and he says the only remedy is to pay the taxes and then institute an action against the Registrar of Arrears.

W. Hinrichs, Registrar of Arrears, has asked an opinion from Corporation Counsel McDonald in regard to the sale. Edith Litchfield's property still owned by the city, and upon which arrears of taxes have been allowed to accumulate. He desires to have these wiped out in some legal way.
